

NEW CALF PADS SEPARATE FOR HD BALANCE

As requested by customers and in order to secure supply, HD Rehab is making a change to the calf pads for HD Balance. The material of the calf pads will be changing to an integral PUR. This does not change the function, size, or quality of the product, but it does simplify reconditioning.

The change will start being implemented in the 2nd quarter, 2022

Calf supports will keep the same article numbers, but the numbers for the calf pads will change.
